

## We're Hiring!

### Project Facilitators for our downtown Martinsburg Office

#### What you will do:

First, you will learn to apply project management principles to meet scheduled site objectives and successfully complete projects. Then, you will develop a solid understanding of Telecommunications and Information Technology infrastructure.

#### What you bring to the table:

A love of learning, excellent communication skills, attention to detail, and a healthy respect for others.

#### What's in it for you?

Concert Technologies offers a clear **career path** to **Project Management**.

Project Facilitator

Project Facilitator  
Mentor

Team Lead

Project Manager

We encourage and support you in pursuing certifications such as **BICSI** Registered Telecommunications Project Manager and Communications Distribution Designer (**RTPM**, **RCDD**). New employees start with our proprietary Project Facilitator training and after 90 days, may pursue the BICSI ICT Design Fundamentals and then the PM 110.

**Concert Technologies** is a BICSI Authorized Design Training Provider.

#### Company Profile

Since 1995, Concert Technologies Inc. has been the global leader in the rapid deployment of multi-site, multi-service, multi-technology rollouts across nationwide and global environments for Federal government, commercial and wholesale markets.
